

Accu-Fine Insulin Pen Needles

Gentle injection for everybody

Dear Pharmacists,

Roche Diabetes Care is proud to announce that Accu-Fine is now available in Jordan.

Accu-Fine is a new extension of the Accu Chek portfolio, Roche brand you can trust.

Accu Fine can be used with most insulin pens.

Accu Fine needle is safe:

- Protective cap: sealed to maintain sterility.
- Additional protective cap: sterile needle tip ensures safe usage.

Accu Fine needle is so gentle:

- 3-Bevel tips: for gentle insertion into the skin.
- Special needle wall: for an increased insulin flow compared to regular wall needles.
- Special coating: for an easy sliding into the skin.

Accu Fine needles are virtually for all people: 4 mm and 8 mm needles have sufficient length to deliver insulin to the subcutaneous tissue including obese patients.
